

Words from Our Pastor

Proverb 4: 26 says:

*"26 Give careful thought to the paths for your feet
and be steadfast in all your ways."*

As we begin a new year, it is always good to reflect first on the previous year to identify what changes and adjustments are needed to move forward. Many of us like to make big New Years promises and goals but by the end of the first month we often get derailed with our best laid plans. Instead, consider this, as God moves on your heart to make small changes in your life, throughout the year, do it then. Small changes periodically are far easier to make and cause less disruption to your current way of operating rather than huge changes all at once!

May your new year be greater and more rewarding than last year!

In His service,

Pastor Deborah A. Johns
