Harris County Reopens

Harris County reopens effective today in a phased approach. As a church, we will wait and see the reports that will be generated in the next 14 days to see where we are in terms of COVID-19. Therefore, the church will remain closed with services online for at least the next two weeks. We will communicate again as this changes.

Message from the Pastor

Dear church family,

Now more than ever, I believe God has given us this time during the pandemic to prepare ourselves for what is to come. For the last few weeks we have been studying spiritual warfare in Bible study. I believe God is calling us to position ourselves to fight spiritual battles for our friends, family, co-workers and associates. By us equipping ourselves through studying and applying the Word of God to our lives, we position ourselves to help others either get on the road to salvation or to move along the road toward spiritual maturity. Be diligent and use this time wisely!

As our country reopens, we will forge ahead in our evangelism efforts. We will work to be ready to disciple new members and new converts because they are coming!

Continue to pray for your Pastor! There is much that needs to be done, but only what we do for the Lord lasts!

Peace and blessings to you all!

Love, Pastor Johns
